

COCO'S EVENTS *Grazing Tables*

Grazing tables are convenient, elegant and perfect for hosts to cater for all dietary requirements whilst allowing guests to graze as they please throughout the event.

Our grazing tables are made using locally sourced seasonal ingredients for the freshest assortment of flavours.

All of our grazing boards and tables are vegetarian or can be made vegan by request, if you would like something specific then we will happily accommodate.

We provide hire of boards, bowls, baskets and knives but request they be returned clean. We ask that a table be provided out of the sun (this can be hired at an additional cost). Cleaning of table and equipment is on top of packages and varies depending on size of table package.
